Owen Glave
Quality Circle International Limited

Dear Mr. Glave,

Pickapeppa Company Ltd, manufacturers of premium quality sauce products, were extremely pleased to have engaged the Quality Circle International team to guide us through FSSC 22000 certification. In what was a very condensed programme, lasting just seven months, your team quickly helped us to analyze the status of our processes and factory and to develop an action plan that led to a successful final audit in December 2017.

Without doubt, your excellent personal leadership skills, technical knowledge of the certification requirements, backed by solid formal qualifications were key to the outcome of our programme and the timely and cost-effective achievement of our objectives.

It has been a pleasure to work with you personally. You are a consummate professional and the excellent relationships that you established throughout our company made a challenging task proceed very smoothly.

Thank you again for all of your help and we look forward to continuing our relationship as we move towards FSMA certification.

Yours truly,

Vaughan Turland
